Highly Recommended <http://sc.chinaz.com/moban/> ,
<http://www.17succi.com/> but not this one only

1. [hotel booking](#)

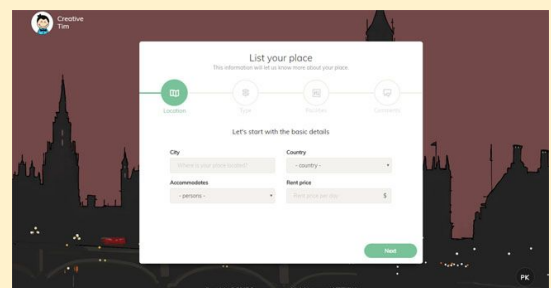

Pick reason : website home page 【highly recommended】
Con : home page doesn't have other extended webpage templates

2. [airplane ticket booking form html](#)

[template](#)

Pick reason : good booking template

3. BNB booking platform web template

Pick reason : home page template, brief and clear 【lessly recommended】

Con : home page only targets that the navigate bar points to are all on the home page (can be improved). (web is a bit too simple)
